

Weekly Newsletter

16th February 2024

This half term has flown by and has been packed with so much learning.

The children have worked so hard and definitely deserve a break. I would like to thank all of the staff for all of their hard work too, I am sure you will agree they work tirelessly to ensure your children receive the best education.

We are excited about next half term where there will be farm visits and hopefully the weather will be warming up.

Have a lovely, safe half term.

VIDEO GAMES - FORTNITE

As we break up for half term I am aware that some children will spend more time online on their devices. Please continue to monitor what your children are accessing and ensure the games they are playing are age appropriate.

School staff have heard a few children talking about playing **Fortnite**. Please can I remind you that this has an age rating of 12. I have attached further information for parents to keep you informed about the concerns that this game can present.

YEAR 1 TRIP

On Monday, Year 1 went to visit St Mary's Church in Ely. They learnt lots about the history, had a tour of the church, listened to some hymns and decorated stain glass windows, along with other activities.
