

Behaviour Policy

October 2022

Lead author/initiator(s):	Laura Fielding (Headteacher)
Next Review Date:	September 2023
Version No:	1
Ratified by:	Spring Meadow Infant and Nursery School Local Governing Body
Date Ratified:	11/10/2022
Signed :	
Review Timetable:	Review bi-annually
Review:	The document should be updated bi-annually after ratification or earlier if there is any new local or national guidance, changes in process or legislation.
Purpose of Document:	To ensure a good level of behaviour across the school and a consistent approach.
Links to other policies	Anti-bullying policy, safeguarding policy, SEND policy
Impact on; Safeguarding Equality & Diversity SEND	Safeguarding, equality and diversity, SEND
Implementation:	This policy is available on the school website and on the staff share.
Dissemination:	The policy will be available to all staff, teaching and non-teaching, and to the wider public via the website.

Spring Meadow Infant and Nursery School Behaviour Policy

Contents:

1. School Ethos
2. Rationale
3. Aims for Behaviour at Spring Meadow
4. Roles and Responsibilities
5. The Curriculum
6. Praise, Reward and Celebration
7. Consequence and Sanctions
8. Behaviour Management Protocol
9. Reasonable Force
10. Reporting
11. Parental Involvement

1. School Ethos

At Spring Meadow Infant and Nursery school, we have the following core values:

Kind	For everyone to show kindness as they work, play and learn. Everyone is treated with mutual respect.
Independent	To be independent learners who take responsibility for themselves. The school provides an environment which enables them to make decisions and choices to reach their full potential.
Inclusive	To include everyone in our school and wider community and to embrace and celebrate everyone's individual special qualities.
Resilient	Everyone is resilient to take risks, try new things and learn from their mistakes.
Creative	As a school we nurture an environment where there is freedom to express individual ideas, use our imagination and be inspired to be creative across the curriculum.
Knowledgeable	To be knowledgeable about the community and the world around us. The children build on their previous knowledge. The curriculum is delivered using approaches which enable the children to know more and remember more.

These values are embedded across all aspects of the school to ensure a culture of positivity and inclusivity.

2. Rationale

This policy outlines our approach to behaviour management throughout the school. It is recognised that appropriate behaviour is a pre-requisite to effective teaching and learning. Our philosophy is research-based and interwoven with the school's ethos.

3. Aims for Behaviour at Spring Meadow

- For children and adults to be **ready** to learn, engage and consider the needs of others.
- To teach and expect **respect** for individuals, the school and its property, adhering to our values and ethos.
- For children and adults to keep themselves and others **safe**.

4. Roles and Responsibilities

It is the responsibility of all members of a school community to develop prosocial¹ behaviour. Staff are expected to lead by example and support each other in promoting high quality interactions with others.

The role of adults (including staff, parents, governors and community visitors)

- To promote an awareness of everybody's individual needs.
- To model pro-social behaviour and take pride in their school, their class, their work, their environment and their relationships with others.
- To treat children fairly, consistently and sensitively, demonstrating visible kindness.
- To celebrate and praise children's achievements, successes and efforts.
- To collaborate effectively to find solutions to antisocial² behaviour.
- To actively teach children about prosocial behaviour.

The role of children

- Be ready to learn.
- To show respect to other people and the school environment, acting in line with the school's values.
- To behave in a prosocial way so that they keep themselves and others safe.

¹ Prosocial: relating to or denoting behaviour which is positive, helpful, and intended to promote social acceptance and friendship.

² Antisocial: unwilling or unable to associate in a normal or friendly way with other people.

5. The Curriculum

We teach children how to behave in a prosocial manner through modelling, positive praise and direct teaching. Pupils are encouraged to participate actively in PSHE, PE and RE lessons as well as daily assemblies, all of which embed the school's core values and ethos.

Staff are encouraged to create well-ordered and inviting learning environments that are conducive to high quality learning for all pupils. Playground staff promote a variety of activities so that team work, co-operation, fair play and sportsmanship are encouraged.

6. Praise, Reward and Celebration

We believe that learners should be praised for demonstrating prosocial behaviour in school. There are a number of ways to do this including:

- **Recognition boards**
Children's names are displayed on a classroom board to show that they are following the school's rules.
- **Celebration assembly**
Each week an assembly is held to celebrate children's achievements. Classroom staff decide upon a 'star of the week' and this child is presented with a Headteacher sticker and their name is added to the whole school's 'Recognition Board'.

7. Consequences and Sanctions

We follow the Cambridgeshire STEPS programme which aims to recognise pro and antisocial behaviour, emphasising the need to reflect, repair and restore.

Staff are trained to recognise the degree of seriousness and the kind of behaviour consequences that should be used. They must ensure that the consequences are reasonable, proportionate and necessary to adhere to the school rules of 'Be Ready, Be Respectful, Be Safe'.

There are two types of consequences:

- **Educational Consequences**
The goal for this is to stop a child's antisocial behaviour and support them in making prosocial choices. This involves helping to teach the child to learn from their behaviour.
Example: Child running down the corridor is asked to come back and walk down the corridor at break.
- **Protective Consequences**
The goal is to protect and therefore keep everyone safe including the child.
Example: Child has break at a different time to their peers as has shown extreme antisocial behaviour.

Sometimes, more serious, or persistent antisocial behaviours need to be addressed by members of the Senior Leadership Team and / or the SENDCo. After any consequence has been issued, there is an expectation that the member of staff who witnessed the behaviour will work with the child, offering them an opportunity to repair and restore their relationship with peers and / or staff involved by completing a reflection log.

8. Behaviour Management Protocol

When a child is not demonstrating prosocial behaviour, staff will manage each situation as discreetly as they can so as not to cause embarrassment to the child. Staff aim to use few words when talking to the child, making them aware of the pro-social behaviour they should be demonstrating. It is the responsibility of the class teacher to manage behaviour.

In class, staff will:

- a) observe the antisocial behaviour
- b) use tactical ignoring and / or distraction techniques
- c) check the task set and alter the activity if needed
- d) work alongside the child briefly, using positive reinforcement methods
- e) consider whether the behaviour is difficult or dangerous.

In outdoor areas, staff will:

- a) observe the antisocial behaviour
- b) use tactical ignoring and / or distraction techniques
- c) ask the child to change activity to work with an alternative group or within a different zone of the playground
- d) walk alongside the child, briefly speaking to them about prosocial behaviour choices
- e) consider whether the behaviour is difficult or dangerous.

If the antisocial behaviour continues, the staff will make a decision based on their professional judgement as to whether it constitutes difficult or dangerous behaviour.

Examples of difficult behaviour: Putting their equipment down, refusing to start their work, rocking on their chair, poking peers, going under the table, putting equipment in their mouth, shouting out, refusing to share equipment, refusing to come into class, struggling to transition to the next topic, wandering around.

Difficult behaviour includes high anxiety behaviours, where there is not imminent danger such as swearing, pushing, kicking, spitting, shouting and throwing objects.

Dangerous behaviour: Where someone or something is in imminent danger.

This will lead to an appropriate pathway of support and intervention:

Difficult Behaviour:	Dangerous Behaviour:
<ol style="list-style-type: none"> 1. Remind and refocus. 2. Give the pupil limited choices ("this or this"). 3. Temporary removal from the activity (quick job / distraction). 4. Move pupil within the class. 5. Discuss possible consequences. 6. Send pupil to a partner teacher's classroom with work (refocus on return with positive reinforcement). 7. Reflection log completed with class teacher and pupil. 	<ol style="list-style-type: none"> 1. Teacher to use the de-escalation script (SLT member on call if needed). 2. Provide a supportive environment for the pupil to calm. 3. Ensure other pupils are safe. 4. Once calm, undertake Reflection log with the pupils involved. 5. SLT member to review the incident with staff involved and determine consequences together. 6. Teacher to ensure educational and protective consequences are followed through. 7. Teacher to debrief with SLT. 8. Teacher or SLT member to inform the parent/carer of the incident and measure put into place to help their child learn. 9. Reflection log completed once child has calmed

9. Reasonable Force

We are a STEPS school, therefore all adults in school should be using the STEPS strategies, which should mean there should be no need to use force on a child. The Department for Education recognises that in some situations, reasonable force is needed to keep children and staff safe. They have a clear definition on what reasonable force is and when / why it should be used.

What is reasonable force?

1. The term 'reasonable force' covers the broad range of actions used by most teachers at some point in their career that involve a degree of physical contact with pupils.
2. Force is usually used either to control or restrain. This can range from guiding a pupil to safety by the arm through to more extreme circumstances such as breaking up a fight or where a student needs to be restrained to prevent violence or injury.
3. 'Reasonable in the circumstances' means using no more force than is needed.

10. Reporting

Both prosocial and antisocial behaviour will be recorded. All Reflection logs to be given to be kept by the class teacher for evidence and recording.

11. Parental Involvement

As a school we understand the importance of the partnership and communication with parents and therefore we will communicate with parents about the behaviour of their child. If a Reflection log sheet has been completed for unsafe behaviour parents will be informed at the end of the day. If antisocial behaviour continues and more than 5 Reflection log sheets have been completed in a Half Term the teacher will meet informally with parents to discuss support strategies. If a further 3 Reflection log sheets have been completed or there has been dangerous behaviour parents will meet with Class Teacher and a member of SLT and/or SENDCO.

The behaviour policy will be shared with parents annually.

Appendix 1

De-escalation Script

- **Learner's name**
- **I can see something has happened**
- **I am here to help**
- **Talk and I will listen**
- **Come with me and.....**

Appendix 2

Examples of Educational consequences

Behaviour	Rule broken	Educational consequence
Continuous shouting out	Ready	Child to stay in at break and create a poster about good listening
Running in the corridor	Safe	Child to come back at break and practice walking in the corridor
Not completing work	Ready	Child to complete work at break time and have discussion about good learning with adult
Saying unkind words to another child	Respect	Child to stay in at break and write down what being a kind friend looks like
Shouting at an adult	Respect	Child to stay in at break and draw a picture of a child being respectful to an adult
Talking in the line on the way to assembly	Ready	Child to stay in at break and practice walking to assembly in silence
Not sitting on the carpet/	Ready	Child to stay in at break and practice sitting nicely

chair nicely during the input		
-------------------------------	--	--

Examples of Protective consequences

Behaviour	Rule broken	Educational consequence
Keeps hurting other children at break	Safe	Child to have a separate break time and not go out with the other children
Child keeps swinging on chair	Safe	Remove chair from child

*Where a protective consequence has been put in place a member of SLT should be informed. A child should not miss their education for a consequence.

Appendix 3

Reflection Log

<u>Name/ class:</u>	
<u>Date:</u>	
<u>Completed with:</u>	

What happened?

How were you feeling?

How was _____ feeling?

What mistakes did you make?

What could you do differently
next time?

How can you repair?

Educational/ protective consequence:
