

# We Need Your Help

## Improving our Reception Outdoor Area

Despite our visitors last weekend, we are still forging ahead with our plan to improve our Reception outdoor area. We have lots of ideas and we need you! There are a few things that we are on the hunt for which if you have and are happy to donate, we would love to hear from you.

**DIY paint rollers and trays**

**Expandable tubes**

**DIY paint brushes**

**Mops**

**Roller poles**

**Brooms**

**Plunger (clean!)**

**Empty, clean spray bottles**

**Fly swatter**

**Blue disposable shoe covers  
(We know that's random!)**

**Old rolls of wallpaper / paper**

We are also trying to source some slightly larger items which you might be able to support us with. If you can't, you might be able to point us in the direction of people who could! (If they have creative carpentry / building talents, even better!)

**Artificial grass**

**Water butt**

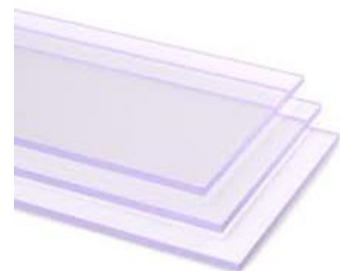

**Play bark chippings**

**Sleepers**

**Pallets**

**Large sheet of Perspex**

**Decking boards**

**Tractor / lorry tyre**

**Gravel or pebbles**

We fully appreciate that the current financial climate is tight for everyone so any help, even if it's just directing us to a local business that we could purchase from, would be appreciated.

**Thank You!**
